

CSVT™

LED Vapor Tight

Easy to Stock, Install and Maintain

The CSVT™ by Lithonia Lighting® is built on the technological framework of the CSS, providing greater customization and performance for everyday spaces

Stock 9 SKUs in 1

With the ability to switch lumens and adjust color temperature in one fixture, CSVT can easily be adapted to the needs of each project – 9 different variations within the same SKU!

Installation Options

The CSVT can be surface mounted, suspended or row mounted. Additionally, can be opened without any tools. The quick disconnects between the driver and the LEDs allow you to remove the LED tray so it doesn't interfere with installation.

Ratings and Maintenance

The CSVT uses a tongue & groove, poured in gasket design that is compressed using a series of stainless or polymeric latches along the outside of the fixture body, allowing for the lens to hang when opening for easy, on the go maintenance and provides for impressive ratings such as CSA wet location, IP65, IP66 for general washdown, and NEMA4X!

Quick Facts:

- Vapor tight version of our popular CSS Strip
- 4' and 8' lengths offering from 3,000 – 10,000 lumens
- Available Switchable White and Adjustable Light Output technology
- L70 at 80,000 hours
- Certified for up to 45° C
- Standard 0-10V dimming
- ANSI Standard of 2.5kV surge protection
- Embedded nLight AIR®
- Emergency Battery Back Up

**Motion Sensors powered by nLight
AIR® and SensorSwitch®**

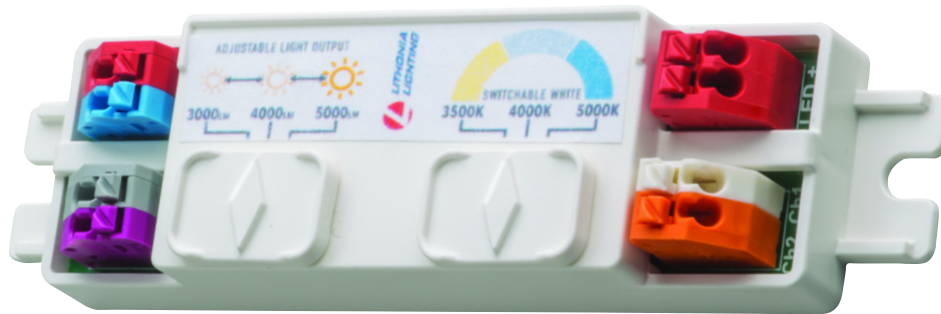

Switch it up!

Choose the CSVT Switchable option for the ability to switch both lumens and color temperature in one fixture.

Switch and Features

Adjustable Lumens: Switchable White:
(4') 3,000L to 5,000L 3500K to 5000K
(8') 6,000L to 10,000L

Great for:

Distributors

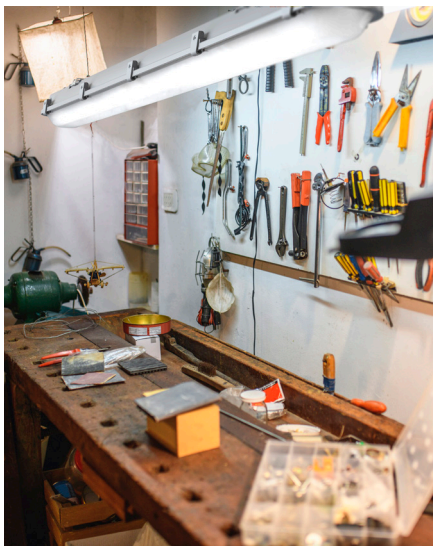

- Stock 9 different configurations with 1 SKU!
- Increase inventory turns
- Fewer orders from the factory

Contractors

- Easier to keep on hand
- Get on the job site quicker
- Fewer trips to distributor
- 1 SKU fits all solutions

End User

- Customizable to the space
- Change look and feel over time
- Great for many applications
